

“2013-2014 OUTSTANDING RECYCLING FUNDRAISER”

Stacy has been an instrumental fundraiser at Woodman Park School for several years. Her many efforts have included popcorn sales, Box Tops for education, PTO events and her latest endeavor, an aluminum can recycling fundraiser.

Stacy became aware that our school needed a new flagpole. The city did not have the funding to replace the 50 foot flagpole that stood in front of Woodman Park School for many decades. The money would have to be raised privately or the flagpole forgotten.

When faced with this news Stacy decided to get creative. She contacted a local recycling company and asked if there was a way she could turn recycled cans into cash. They said yes. A few weeks later Stacy and Woodman Park signed up to utilize the free NRRA School Recycling CLUB's and Schnitzer Steel Industries can cage program to collect aluminum cans. Stacy marketed the recycle program, held recycle days, and arranged can collecting walks. In the year and a half we have been collecting cans we have raised thousands of dollars and have recycle thousands of cans. Stacy proves that one person truly can make a difference. We applaud and appreciate the work Stacy has done.

Due to distance and demands, Ms. Anglace was unable to attend the conference.

We are pleased to be awarding Ms. Anglace with the “2013-2014 Outstanding Recycling Fundraiser” Award.
