HORTICULTURAL PLANT CONTAINERS

It's Easy to Recycle Plastic your Horticultural Plant Containers

Flower and Vegetable Trays, Plant Pots, etc.

- Polystyrene (PS - #6)
- Polypropylene (PP -#5)
- High Density Polyethylene (HDPE - #2)

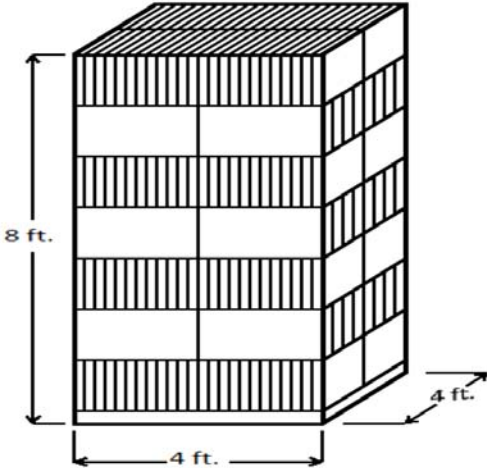

• **Remove excess soil and other debris from plant containers**

1. Please separate material by type
 - Polystyrene: labeled with #6
 - Polypropylene: labeled with #5
 - High Density Polyethylene: labeled with #2

2. Palletize material
 - Nest like-containers together and strap or wrap
 - Nest products 90"-100" tall for single pallets or up to 48" for double stacking pallets
3. Pick-up
 - Truckload quantities are ideal. LTL quantities can be arranged
 - We can easily coordinate pick-ups with deliveries of finished product
 - Deliveries are also accepted at our vendors facility in South Haven, MI

Target load: Full load = 28 pallets or 1/2 loads of 14 pallets

Example of palletized trays. Shrink wrap and/or banding must be used to secure and stabilize the pallet of containers.
